

VERTI-CUT

Three and Five Gang Vertical Mowers

*Setting New Standards Worldwide
Turf Industry Leaders in Service and Innovation*

PERFECT SOLUTION TO YOUR THATCH PROBLEMS.

The Kesmac VERTICUT five gang vertical mower is based on the proven Kesmac reel mower design. Kesmac machines are sold around the world, with a reputation for durability. The vertical mowers are precision built with quality materials to ensure a long trouble free working life, backed by after sales service second to none. This vertical mower is a valuable tool for golf courses, parks, recreations areas, turf maintenance and sod producers. Thatch removal adds the benefit of up to two weeks earlier "spring green up" at the start of the season.

FEATURES:

- Removes thatch build up
- Allows increased aeration
- More effective utilization of fertilizer
- Helps prevent disease
- Better water penetration
- Transportable
